1	Start at 'A' at the car park, next to the Old Hall, turn left not on, but alongside, the ramp and into the park. When was the clock installed?
2	How many panels are there on the green door?
3	Take the top path, how many bricks make the fancy archway?
4	What colour is the sundial on the key?
5	Taking the lower path to the circular garden. How many red roses are in there?
6	Come out of this garden bearing left and up the incline. Take a right on the path. Head left towards the exit but don't leave the park. What year did the blind receive their garden?
7	Go back into the park turning left at the green lamppost. What bird sits on top of the Egyptian Gate?
8	Head along this path passing the mini football pitch. As the tree line begins, head 'off road' left up the trail between a tall tree and a stump. At the summit, looks like there's been a pow wow. How many 'benches' have been set up?
9	Come back down the same trail and turn left along the path. Head towards the park exit. After the bench how many oak trees are there on the same side?
10	Who were Richard Thomas' sisters?
Leave the park and turn right heading along the footpath along Marsden Hall Rd. Enter the park again at the grey bar gate.	
11	Head down the path. Count the number of wooden 'soldiers'
12	Walk towards the playpark. How many tyres are there?
13	How many red steps are there?
14	Retrace your steps and take the path towards the marshland. What is hazardous about the bridge?
15	Head up towards the bowling green. What make is the security lock on the bowling green?

16	At the main gates, how many lions are there?
17	As you walk back up towards the car park, what would the item numbered 1378 be used for?
18	Back in the car park, me and my 'green friend are standing by'. He's missing a hat. What are we?
19	At the entrance what is the number of the house you can see unobstructed?
20	How many barred gates can you see?
BONUS QUESTION: work out this sum Question 19 – (Question 2 + Question 8 + Question 13) =
